

Meranti BS1088 BPIR Declaration

Version: Version 1

Designated building product: Class 1

Declaration

Big River Group (NZ) trading as Plytech has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	Meranti BS1088
Line	
Identifier	MERANTIBS1088

Description

Plytech Meranti BS1088 is manufactured from high quality hardwood logs and is known for its natural durability, strength and stability. The face veneers of Meranti BS1088 are rotary cut and feature an attractive bold grain and a fine multi-ply edge detail.

Meranti BS1088 Heartwood varies in colour from pale pink to red-brown with interlocked, wavy grain and a coarse but even texture.

Scope of use

Boat building: hull, decks and interior joinery High-end furniture and joinery Wall and ceiling lining.

Conditions of use

Plywood is a natural product that can be affected by changes in ambient weather conditions, causing previously flat sheets to bow or twist. All precautions are taken to minimise this effect, however once the plywood has left our warehouse we cannot guarantee sheets to remain flat. This is particularly important where free standing kitchen/ cabinet doors are concerned.

Contributions to compliance

Code Clauses.

B2 Durability B2.3.1 (c)

F2 Hazardous Building Materials F2.3.1

Compliance Pathways.

B2/AS1 - EN636-3

F2 - CARB - Phase 2
