

NZ Radiata Pine BPIR Declaration

Version: Version 1

Designated building product: Class 1

Declaration

International Panel and Lumber has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

| | |
|-------------------|-----------------|
| Name | NZ Radiata Pine |
| Line | |
| Identifier | RADIATAPINE |

Description

Manufactured exclusively from NZ Radiata Pine. The face veneer has a bold wood character and can be specified as either one face (SD) or two face (SS). Plytech Radiata Decorative allows for a wide range of applications. Also available clear treated with H3.1 LOSP.

2400 x 1200mm - 4mm/3ply, 7mm/5ply, 9mm/5ply, 12mm/5ply, 15mm/5ply, 17mm/7ply, 19mm/9ply, 21mm/9ply, 25mm/11ply

Scope of use

Commonly used for walls and ceilings, as well as multiple applications in the furniture and joinery industries.

Conditions of use

It is not possible to guarantee an absolute consistency in colour of plywood between sheets. A slight variation between sheets cannot be considered a defect.
